

Reykjavik Congress September 2017

Concept Goal- Mean-Outcome

Agenda:

1. Discussion about Porto Outcomes/Organization.
 - Nina and Joost and Anne: a lot of material →
 -
 2. Elaborating and creating a plan for next year and until Seminar Denmark.
 - a. Start the planning for Denmark seminar (according to the last document Joost send us concerning the means – “Several ENPHE seminars (and conferences) can be used, but I would like to suggest to use a period of max 3 years (3 seminars, 3 conferences). For this oversight, we reduce the means to the Porto seminar.”)

ENPHE GOALS FOR WORKING GROUPS:

 - **how each group can support facilitating learning; the results of each group should be available and visible → groups must work better together; having a proper goal/objective and structure for the work**
 - **the results must be available for all ENPHE members → students and teachers working more together and all the work need to be visible on the web page or?**
 - **each executive board member should be participating one working group**
 - b. **Nina, Anne, Joost: based on the made material (Porto) they will do an ENPHE educational/didactical tool kit and a teacher profile (a draft)**
 - c. **Griselda and Maija: the 2nd step (3rd step ?) for the piloting will be done → we need students and teachers to participate in it (known in advanced → 6 students and 3 teachers.**
 - d. **Antonio: how about if one person from each working group would participate in building the platform – sharing thoughts?**
3. Setting specific goals we are willing to achieve in the near future.
4. Budget plan presented in Porto.
5. Working separately with different subgroups and/or sharing responsibilities (Antonio, I think Maija and I would need your help concerning platform or at least to discuss some real possibilities for the course).
