

Blackboard Collaborate

**share your talent.
move the world.**

What is it?

- Webconferencing tool
- Directly usable from within a Blackboard course or outside Blackboard (link)
- Also usable via mobile devices (Blackboard app)

share your talent. **move** the world.

What do you need?

For optimal use of Blackboard Collaborate:

- Use Chrome or Firefox;
- Webcam and headset with microphone;
- In a global classroom: big digital screen (e.g. Prowise), camera and microphone.

share your talent. **move** the world.

Global Classrooms at UCM

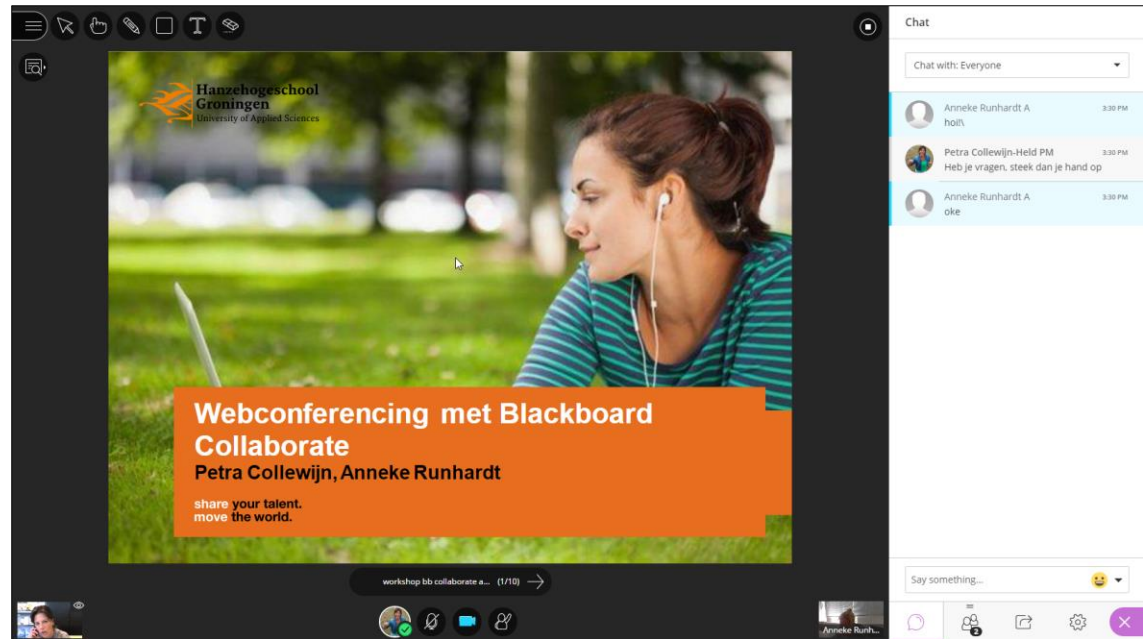

share your talent. **move** the world.

Which possibilities does it have?

Opportunities for:

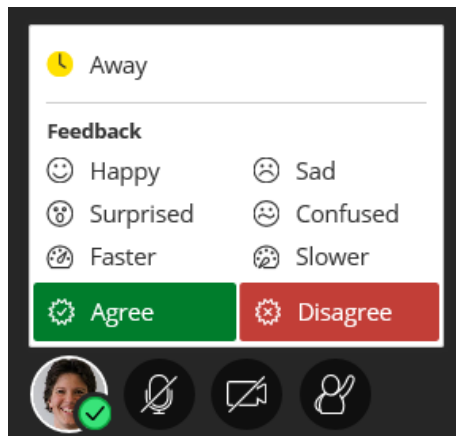

- Sharing video-images;
- Sharing audio;
- Chat;
- Share a whiteboard;
- Share screen;
- Share documents;
- Raise a hand ↔ mute;
- Split up in virtual groups (break-out sessions)
- Poll;
- Subtitle a session;
- Record a session;
- Invite external guests;
- Different roles: moderator, participant, presenter, subtitle

share your talent. move the world.

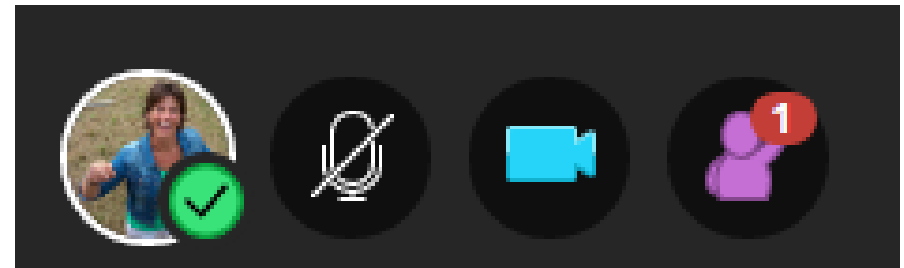

Status

- Away
- Feedback to presenter
- To show that you agree or disagree
- Moderator / presenter sees the status of all participants in one view through icons

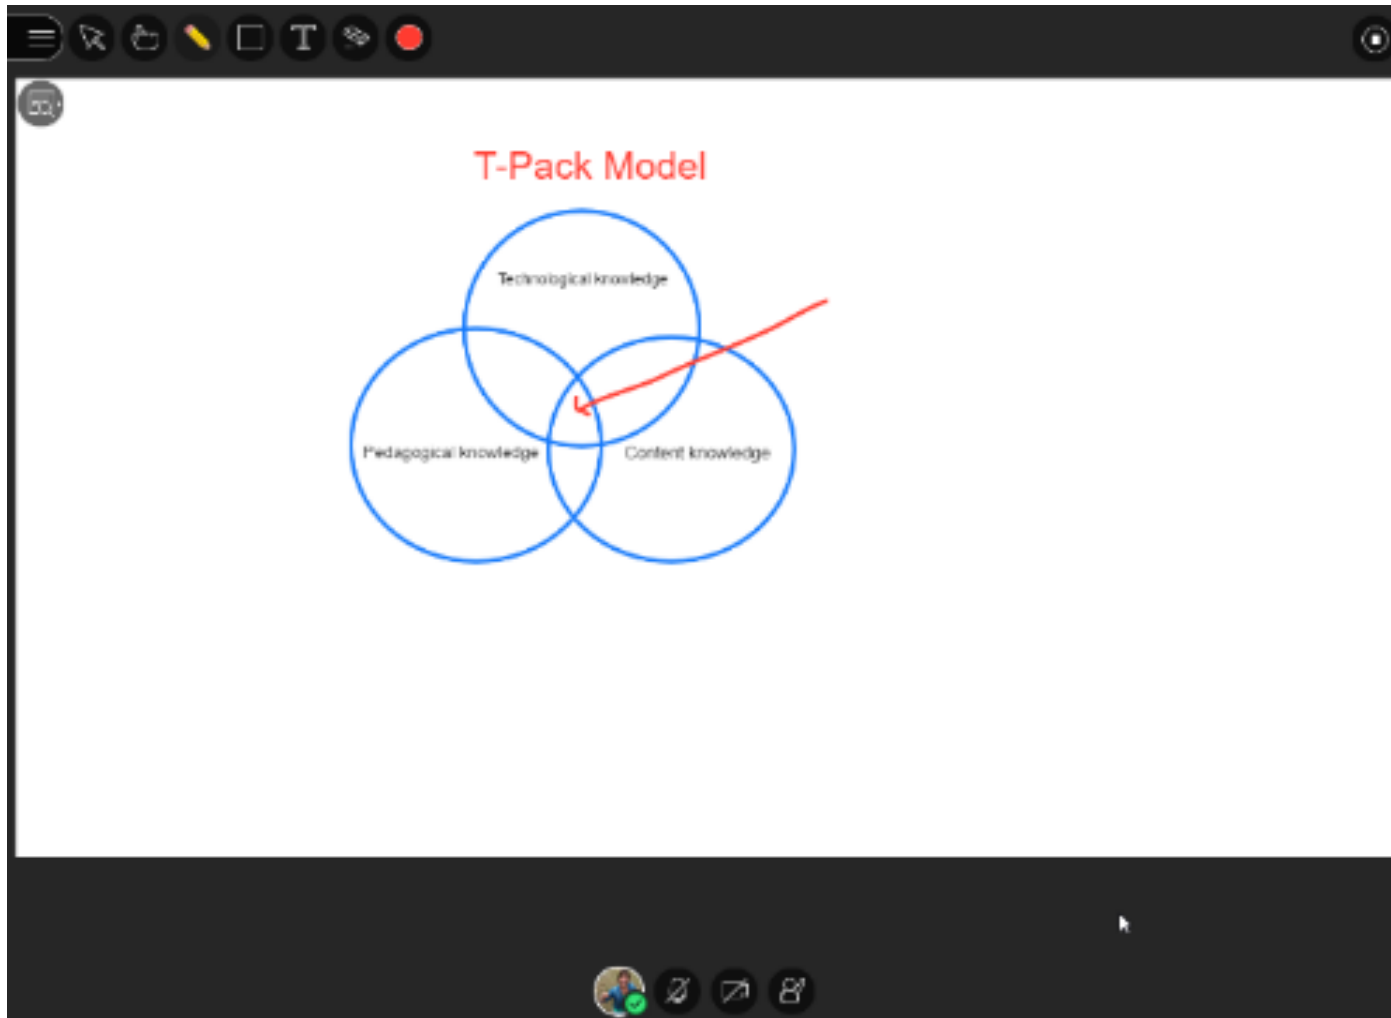

Raising hands

- Participants can ask questions
- Number shows your place in the line
- Moderator / presenter sees who first raised his hand

Shared whiteboard

share your talent. move the world.

Breakout Groups

- Split up in subgroups and then return to the main group
- Moderator / presenter can visit each group virtually

Understanding Session Roles

Moderator

- Content Sharing
- Participant's Permissions
- Session Settings
- Recording

Presenter

- Upload, share and annotate content and whiteboards

Participant

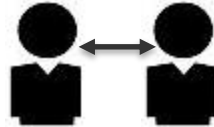

- Notification Settings
- Privileges can be Removed

Captioner

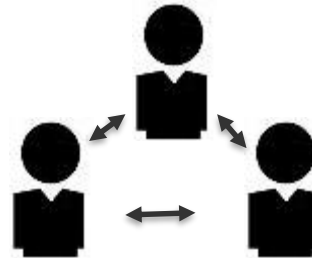

- Provides live closed captioning within a session.

What can we use it for? (1)

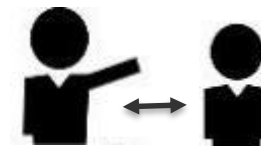

- Student-student

- Student-student-student

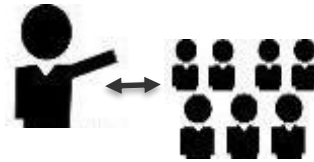

- Lecturer-student

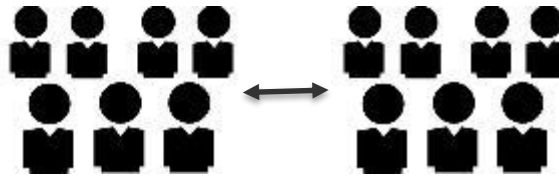

What can we use it for? (2)

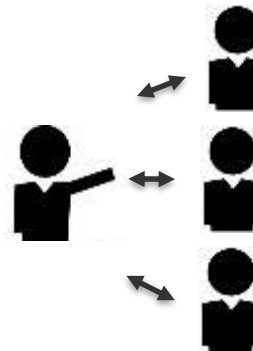

- (Guest)lecture-class

- Class-class

- Lecturer-student-student

How do our lecturers use it?

A few examples

- Online question-hour as preparation shortly before an exam
- Students that cannot be present can follow lectures live (e.g. long-term ill students, students studying abroad)
- Students doing their clinicals present their findings towards each other and towards the lecturer
- Online meetings with people outside the school and / or international colleagues

What would you use it for?

Poll

1 = guest lecture long distance

2 = coach a student who is doing a clinical abroad

3 = question hour for students (response-lecture)

4 = something else (clarify your answer via chat)

Need support?

- BLAT students: hands-on support, on-site
blat@org.hanze.nl
- Support n Blackboard it-self: manuals, instruction materials from Blackboard
- BB Course Global Classroom

We need you....

- Group of students in Kosovo link with working group session at ENPHE-conference;
- Which task do both groups need to do, which theme do we discuss?
- Goals;
 - Interact with each other
 - Get to know each other
 - Gain knowledge
 - Learn more about each other culture and health
- Discuss in group of five.

Henk Willemsen

University Lecturer Health Studies
